The diagram illustrates the process of creating two types of listings: housing and inventory. It consists of two main forms, each with a series of input fields and action buttons. Arrows and numbers indicate the sequence of steps:

- Create housing listing page:**
 - Add Your Housing Info** header.
 - UPLOAD IMAGES** button (highlighted with a green dashed box, step 1).
 - Input fields: University, Address, Property Type, Description, Price (per month), Start Date (DD/MM/YYYY), End Date (DD/MM/YYYY), Gender Restriction, Number of Guests, Number of Bedrooms, Number of Bathrooms.
 - UPLOAD HOUSING LISTING** button (highlighted with a green dashed box, step 2).
 - BACK** button (highlighted with a green dashed box, step 3).
- Create inventory listing page:**
 - Add Your Inventory Info** header.
 - UPLOAD IMAGES** button (highlighted with a green dashed box, step 1).
 - Input fields: Item Name, Description, Price, Subject, Category, Condition.
 - UPLOAD INVENTORY LISTING** button (highlighted with a green dashed box, step 2).
 - BACK** button (highlighted with a green dashed box, step 3).

Arrows connect the 'UPLOAD IMAGES' buttons to the 'UPLOAD HOUSING LISTING' button, and the 'UPLOAD HOUSING LISTING' button to the 'BACK' button, indicating the flow of the process.
